PROFESSIONAL SUMMARY

Senior UX designer with 9+ years across UX research, interaction design, visual design and front-end UI. At Open Weaver, designed Open Weaver Studio, a self-service AI website builder that 1,000+ clients have used to publish their websites, owning UX research, high-fidelity design, the design system, HTML conversion and prototyping. Combines a graphic design foundation, hands-on HTML/CSS and practical AI workflows (Figma Make, Claude Code) to deliver developer-ready product experiences faster. Previously led a 28-member UI team.

CORE SKILLS

UX & Research: User research, user interviews, usability testing, personas, journey mapping, information architecture, competitive analysis

Design: Lo-fi wireframes, high-fidelity UI, interactive prototyping, responsive web & mobile design, visual and brand design

Design Systems: Design tokens, component libraries, Figma variables & auto layout, documentation and governance, developer handoff

AI Tools: Figma Make, Figma AI, Figma MCP, Claude Code, ChatGPT, Gemini; prompt engineering (role prompting, few-shot, chain-of-thought)

Tools: Figma, FigJam, Adobe XD, Photoshop, Illustrator, Affinity

Front-end: HTML5, CSS3, Bootstrap, Material Design, GSAP

EXPERIENCE

Senior UX Specialist

May 2023 – Present

Open Weaver India Pvt Ltd, Chennai

- Designed Open Weaver Studio, an AI website builder with a self-service flow: users enter a business name and description, and Studio generates six different single-page websites to choose from.
- Studio has grown to 1,000+ clients who have published their websites through this flow.
- Led UX research for the flow, then turned findings into high-fidelity designs and interactive prototypes.
- Created the design system and component library, and converted designs into production HTML.
- Used Figma Make and Claude Code to prototype and build UI faster, applying structured prompt engineering (role prompting, few-shot, chain-of-thought).

UI/UX Designer

Jan 2021 – May 2023

CEM Business Solutions, Chennai

- Designed responsive web and mobile applications, taking features from lo-fi wireframes to high-fidelity UI in Figma and Adobe XD.
- Designed landing pages and email templates aligned with brand identity using Figma, Photoshop and Illustrator.

UI Engineer, Team Lead

Mar 2017 – Sep 2020

Xerago E-Biz Solutions, Chennai

- Led a 28-member UI team delivering digital campaigns end to end, from design handoff to launch.
- Owned multi-browser and multi-device QA, keeping UI quality consistent across campaigns.
- Mentored junior designers and developers on UI standards and front-end best practices.
