PROFESSIONAL SUMMARY

UX developer with 9+ years turning designs into pixel-accurate, responsive front-ends. Combines a design background with hands-on HTML/CSS and AI-assisted development (Claude Code, Figma MCP). At Open Weaver, built the UI for Open Weaver Studio, a self-service AI website builder that 1,000+ clients have used to publish their websites, from design system and components to production HTML. Previously led a 28-member UI team building campaign front-ends with strict cross-browser and device QA.

CORE SKILLS

Front-end: HTML5, CSS3 (Flexbox, Grid, custom properties), responsive design, Bootstrap, Material Design, GSAP, JavaScript (fundamentals)

Design-to-Code: Figma / Adobe XD to pixel-accurate HTML/CSS; landing pages; cross-client HTML email templates; design tokens to CSS

Design Systems: Design tokens, component libraries, documentation, developer handoff

AI-Assisted Dev: Claude Code, Figma Make, Figma MCP, Figma AI, ChatGPT, Gemini; prompt engineering (role prompting, few-shot, chain-of-thought, output control)

Quality: Cross-browser and multi-device testing, UI QA

Design Tools: Figma, FigJam, Adobe XD, Photoshop, Illustrator

EXPERIENCE

Senior UX Specialist

May 2023 – Present

Open Weaver India Pvt Ltd, Chennai

- Designed and built UI for Open Weaver Studio, an AI website builder where users enter a business name and description and get six single-page websites to choose from; 1,000+ clients have published through it.
- Created the design system and components, and converted high-fidelity designs into production HTML/CSS.
- Used Figma Make and Claude Code to prototype and generate production-ready UI, reducing design-to-code time.
- Ran UX research and built interactive prototypes to validate the self-service flow before development.
- Apply structured prompt engineering (role prompting, few-shot, chain-of-thought, output control) to get consistent, production-ready code.

UI/UX Designer

Jan 2021 – May 2023

CEM Business Solutions, Chennai

- Hand-coded responsive landing pages and email templates in HTML/CSS, translating Figma and Adobe XD designs into pixel-accurate front-ends.
- Designed responsive web and mobile application screens, then built and handed off production-ready UI.

UI Engineer, Team Lead

Mar 2017 – Sep 2020

Xerago E-Biz Solutions, Chennai

- Led a 28-member UI team building HTML/CSS front-ends for digital campaigns, from design handoff to launch.
- Owned multi-browser and multi-device QA across campaigns, setting the team's testing standards.
- Mentored junior developers on semantic HTML, responsive CSS and front-end best practices.
